Sardor Mirzakarimov

Full-stack product engineer

Tashkent, Uzbekistan. sardor_kb@outlook.com, Telegram @sardorkb, +998 88 712 44 22.

Since 2018 I've turned operations that lived in spreadsheets, paper and chat threads into ERP, CRM, mobile and Telegram systems. I take each one from the first conversation to production, and keep it running after.

Experience

UZINFOCOM, Tashkent, Uzbekistan Jun 2026 to Present

Lead specialist, Information Systems Development

Backend for information systems in the department digitizing law-making: architecture and business logic in Laravel with DDD and SOLID, JWT auth, RabbitMQ, PostgreSQL tuning and unit tests.

Hadid Beton May 2025 to Present
